My Son the Scientist, by Carol H. Meyer, June 101–104

Older population, *see* Elderly

Practice as Science, Science as Practice (E), by Stuart A. Kirk, June 67
Predictors of Employment and Earnings among JOBS Participants, by Peter A. Neenan and Dennis K. Orthner, Dec. 228–237
Professional journals, publishing patterns among social work scholars, Mar. 31–41
Psychosocial problems, client readiness for change, Mar. 13–17
Publishing by Social Work Scholars in Social Work and Non-Social Work Journals, by Robert G. Green and Mary Secret, Mar. 31–41

Racial groups
adolescent problem behavior, Sept. 168–177
group work practice, racial composition, Sept. 157–166
Readiness for Change: Variation by Intensity and Domain of Client Distress, by Thomas O'Hare, Mar. 13–17
Relationship between Social Support and Health Status of Elderly People: Does Social Support Slow Down Physical and Functional Deterioration? by Namkee G. Choi and John S. Wodarski, Mar. 52–63
Relative Importance of Economic and Cultural Factors in Determining Length of AFDC Receipt, by James P. Kunz and Catherine E. Born, Dec. 196–202
Research and practice interface (E), June 67
see also Scientist–practitioners
Research studies, publishing patterns among social work scholars, Mar. 31–41
Results Are an "Eye-Opener" (letter), by David F. Fike, Sept. 189
Risk Assessment for Child Protective Services: A Review of the Empirical Literature on Instrument Performance, by Peter Lyons, Howard J. Doueck, and John S. Wodarski, Sept. 143–155

The Scientific Practitioner Revisited: Some Obstacles and Prerequisites for Fuller Implementation in Practice, by Aaron Rosen, June 105–111; correction, Sept. 155
Scientist–practitioners
editorial, June 67
empirical practice movement, June 69–75, June 77–81, June 97–100
measuring variables as discrete units, June 101–104, June 113–117
model evaluation, June 83–95, June 105–111 (correction, Sept. 155)
Self-ratings of clients
congruence with interviewer ratings, Mar. 43–50
effect on client readiness for change, Mar. 13–17
Social support, effects on elderly health status, Mar. 52–63
Social worker burnout, child protective services, Sept. 179–187
Structural Equation Model of Burnout and Job Exit among Child Protective Services Workers, by Brett Drake and Gautam N. Yadama, Sept. 179–187
Structural Equivalence of Involvement in Problem Behavior by Adolescents across Racial Groups Using Multiple Group Confirmatory Factor Analysis, by James Herbert Williams, Charles D. Ayers, Robert D. Abbott, J. David Hawkins, and Richard F. Catalano, Sept. 168–177

Teenage pregnancy, link with childhood maltreatment, Sept. 131–141
The Trouble with the Researcher–Practitioner Idea, by Laura Epstein, June 113–117

Unscientific Thinking about Scientific Practice: Evaluating the Scientist–Practitioner Model, by Jerome C. Wakefield and Stuart A. Kirk, June 83–95

Volunteers, disaster relief, Mar. 19–29

Wealth, asset ownership attitudes, Mar. 3–11
Welfare reform
asset limits, Mar. 3–11
car ownership, effect on work opportunities, Dec. 255–262
children, income transfers as safety net, Dec. 238–254
editorial, Dec. 194–195
female AFDC recipients, family support program, Dec. 203–216
JOBS program, mothers' views on child care, Dec. 263–273
JOBS program, outcome predictors, Dec. 228–237
program interaction, effects on welfare dependency, Dec. 274–285
stereotypes of recipients, Dec. 217–227
time on welfare, economic and cultural factors, Dec. 196–202
Welfare Reform (E), by Martha N. Ozawa and Stuart A. Kirk, Dec. 194–195
Women
AFDC recipients and family support, Dec. 203–216
JOBS program, mothers' views on child care, Dec. 263–273
Work and Automobile Ownership among Welfare Recipients, by Paul M. Ong, Dec. 255–262
